

Increase your Profits and Keep Customers Safe with the Most Reliable GPS Device on the Market

Fast - 15 Minute Installation = \$100+ profit for Your Shop!

We Handle All Post-Sale Service and Support

No Activation, Monthly or Annual Fees

Airtime Included for the Life of the Device

DEVICE FEATURES

LOCATE & RECOVER

Use our Web Application to locate the current position of the vehicle in seconds 24/7/365 via the Internet.

DISABLE

The vehicle can be remotely disabled via on-board starter interrupt - either on demand or based on a pre-programmed schedule.

REACTIVATE

Use our Web Application to instantly re-activate the vehicle's starter.

PERIMETER BASED ALERTS (GEOFENCES)

Alerts when a vehicle enters or leaves a user-designated zone. Zones are precisely drawn using a 12 point drawing tool and can be layered with up to 10 keep-in or keep-out zones for sophisticated configurations. Zones can be as simple as a school parking lot or as big as an entire country.

NO ANNUAL FEES

Includes unlimited wireless communication service & 100 credits (50 tracks).

NORTH AMERICAN COVERAGE

Largest coverage area - using every GSM cell tower in the USA, Canada & Mexico.

LOW POWER DRAW

Minimal battery drain for abandoned vehicles or extended vacations.

POWER DISCONNECT ALERTS

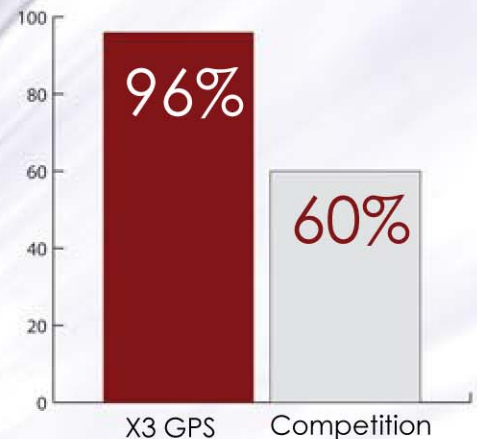

Alerts you when the power supply is suddenly removed by tampering with the device. Battery backup included.

SCHEDULE ANY FUNCTION

To automatically warn, disable or locate the vehicle at preset times.

IT WORKS.
